

SECOND ISSUE JUST OUT

In This New Issue *20 20* Complete Instructions For Building a Television Receiver

There can be no question but that Television is here to stay. Like radio, its sudden popularity came practically overnight. It has taken a decided grip on public opinion and bids fair to sweep the entire country in a never-before-witnessed blaze of enthusiasm. So, fans! Dig out the old soldering iron, the bus bar and the rest of your paraphernalia and get to work on the latest hobby. Build yourself a Television Receiver. Of course, Television is far from perfected. It is still in a most elementary stage. There is little use in trying to gloss over the truth. But a start has been made and it remains for the "fans" to do their share, as in radio, in developing the new art. In the latest issue of TELEVISION there are full instructions from which you, ambitious enthusiasts, can construct an efficient experimental set. With this set you will be able to receive some of the Television programs now being broadcast. Experimenting will continually improve reception. Get your copy of TELEVISION today! Start to work on your Television tonight! Be the first in your neighborhood to have a Television set. The old "fan days" are here again. Don't miss the fun!
