December 12, 1926.

Mr. M. J. Herdier,
735 South Park Avenue,
Columbus, Ohio.

Dear Sir:

We thank you for your recent communication with regard to the experimental television schedule and trust you will pardon this form response which is necessary because of the volume of inquiries.

The WGY schedule of television transmission is Tuesdays 11:30 to 12:00 P.M. eastern standard time; Tuesdays, Thursdays and Fridays 1:30 to 2:00 P.M. and Sundays 11:15 to 11:30 P.M. eastern standard time, on 790 kilocycles (379.8 meters) and 13,650 kilocycles (21.96 meters).

A twenty-four line picture is transmitted twenty times a second.

General Electric does not sell Neon lamps for television. A Neon Glow Lamp in a C-10 size bulb is made by the Cooper-Hewitt Electric Company, 410 Eighth Street, Hoboken, N.J.

For general information with regard to television, we can only refer you to the current radio publications.

Gentlemen:

Your communication of recent date has been received and we are pleased to learn that you heard ^{the} the program referred to. On checking our record we find that it agrees with your report, which we are glad to confirm.

The General Electric Stations are not participating in the distribution of Ekko stamps; therefore we return ~~the amount which you sent, together with one~~ of our own stamps.

We trust that you will continue to find pleasure in our programs and we shall be glad to receive your comments on the reception of future broadcasting.

Very truly yours,
BROADCASTING STATION WGY,

By:

James Hallington
