

## 2010 Convention - Pictures

Cliff Benham and the RX-40

Couple of "West Coasters"

Can someone give me (another) hand installing this rebuilt 15GP?

Meeting of minds.....

Dave at "master control".....

From across the pond.....Viva La France!

A couple of very hard working, nice guys.....

The Philco in living color once again...

Pete & Bob getting up close and personal with the CT-100 chassis.

Dream team minus Bob.....

And finally.....After the banquet each year many of the ETF vets, about 18 this year, assemble at Max & Erma's for our infamous and traditional banana cream pie.
